

INTERNAL VACANCY

Multi – Skilled Maintenance Technician

SITE: Tyseley
RESPONSIBLE TO: Maintenance Supervisor
HOURS OF WORK: Double Day Shift Pattern

MAIN PURPOSE OF THE POSITION:

To ensure that under the direction and guidance of the Maintenance Supervisor & Production Co-ordinator, T.P.M's and general maintenance work mechanical & electrical is carried out effectively and efficiently across all areas of the site.

PRINCIPLE DUTIES / RESPONSIBILITIES:

- Carry out basic planned maintenance according to the TPM programme.
- Review the preventative maintenance plan weekly and report any concerns to your Supervisor.
- Assist and liaise with contractors as required or instructed by your Supervisor.
- Liaise formally with Maintenance Team Leaders on progress and report any concerns identified.
- Mechanical/electrical press, plant and site repairs in accordance with the maintenance report Procedure.
- Update the maintenance folders as and when required.
- Ensure all equipment you are working on or with is safe and fit for the purpose, if not report this to your Supervisor immediately.
- Ensure compliance with all Health and Safety procedures are adhered to during work.
- Maintain good housekeeping practices in any given work area.
- Be prepared to work outside 'normal working hours' as and when required.
- To attend any training courses and / or meetings when requested.
- **These duties are not 'limited' or 'fixed' and you may be required to take on additional reasonable responsibilities, as our business needs change.**

JOB REQUIREMENTS

- Ideally experienced in working in a busy Press shop environment to include electrical maintenance with manual and automatic presses, working practice of control systems, destackers, sensors, basic plc operations and knowledge of servo motors
- Can read/understand hydraulic and pneumatic circuits
- Ability to work at heights
- IPAF scissor lift and cherry picker licence, FLT licence an advantage – but training will be given
- Pendant crane an advantage but not essential
- Minimum 17th Edition electrical qualification/electrical apprenticeship desirable
- Ability to read electrical drawings
