

IMMEDIATE START AVAILABLE

ROLE: QUALITY FIREWALL CHECKER

LOCATION: Coleshill – Sertec Auto Structures Ltd

PAY RATE: £8.94 + shift allowance

TEMPORARY/ ZERO HOUR CONTRACT

Sertec are currently recruiting multiple Operative positions across our factory based in **Gorse Lane, Coleshill**.

Sertec are a leading automotive business, producing millions of Pressed and Assembled components for large OEM's and Tier 1 companies each year. Due to an increase in customer demand, we are currently looking for several individuals to join our team on a short-term basis working a typical 37.5 hour week dependent on customer demand.

If you are interested in joining our team, then please apply.

The Role of Firewall Checker:

- To ensure all parts diverted through the firewall are checked against the relevant care points
- To record results on paperwork to ensure process fully traceable
- To highlight any concerns found to the team leader / quality department
- To assist the quality department in containment and general quality functions when required
- To carry out 100% inspection of parts as per the care points issued in the firewall area
- To confirm pallets are identified correctly with correct part number and quantities

Shift Patterns Available:

- 2pm – 10 pm – afternoon shift
- 10pm – 6am – night shift

Requirements for Position:

- Ability to work to targets
- Attention to detail
- Communication and interpersonal skills
- Able to work alone and use own initiative
- Previous Warehouse/ manufacturing experience is an advantage but not essential

Benefits of working with us:

- Full induction and training to be provided
- Weekly Pay
- Potential for additional overtime during busy period

How to apply: Please apply by sending your CV to natalie.warrington@sertec.co.uk
