

VACANCY NOTICE

Job Title:	Press Setter Operator x7
Sertec Site:	SHS
Hours:	Double Days- 6am-2pm Rotating one week about- 2pm-10pm
Reporting To:	Team leader/Manufacturing Coordinators

Main Purpose of The Position:

- Ensure all machinery setting is carried out in accordance with PUWER and Health and Safety Regulations including all associated paperwork, i.e. Guard Cards
- Ensure all changeovers are performed using SMED techniques in accordance with Standard Operation Packs (where available)
- Ensure all customer and company quality standards are maintained.
- Ensure the required UPH is achieved throughout the production run.

Key Requirements:

- Ensure first off quality standards are maintained throughout the production run and any deterioration investigated. Ensure 'best practice' is adhered to at all times.
- Ensure that the required UPH is achieved throughout production run as a minimum.
- Ensure 5C's housekeeping standards are maintained.
- Ensure any faults on equipment that may require maintenance are reported.
- Ensure Operators are informed of correct operational procedures and adhere to all Health and Safety Requirements.
- Once trained to do so, utilise Forklift Trucks and Cranes or any other ancillary equipment as an aid in the Setting Procedure and undertake all appropriate refresher training as and when required.

These duties are not limited or fixed and you may be required to take on additional reasonable responsibilities, as our business needs change.

How To Apply:

Please apply for this vacancy via email attaching a CV, stating the reason you are applying and why you feel you would be suitable for this position. Please note only electronic applications will be considered and a copy of the full Job Description available upon request.
