

## SERTEC APPRENTICESHIP VACANCY

### Multi Skilled Maintenance Engineering & Technical Support Technician Apprenticeships

**Site:** Coleshill & Tyseley

**Hours of Work:** 36.5 hours- 39 hours .

**Expected Apprenticeship Duration:** 4 Years

**Possible Start Date:** September 2024

#### Who are Sertec?

Sertec aim to become a leading provider of sustainable engineering solutions.

We are one of the largest independent manufacturers of presswork, assemblies & EV components in Europe, producing and distributing millions of parts per week across several international locations supporting customers within the Automotive and distribution industries.

#### We believe in:

- Being the best at what we do, as individuals and as a company
- Empowering our staff to drive the business
- Being responsive and continuously exceeding our customer expectations
- Working together to achieve our shared mission
- Providing a positive environment, that is more than just a place of work.
- Being committed to the brand and our values, and continually investing in our staff

#### What Does Maintenance involve?

**Maintenance** Engineers are responsible for carrying out equipment and site repairs, modifications and improvements.

#### Typical duties include:

- Fault finding and associated repairs on a variety of plant equipment
- Carrying out inspections and reporting findings
- Assisting with planned maintenance programmes

#### What does a Sertec apprenticeship involve?

As an Engineering apprentice you will undertake a structured 4 year development programme, where you will have the opportunity to develop your knowledge and skills whilst working directly with industry professionals. You will gain hands-on experience,

alongside college based learning which will provide you with the best start to your career in Engineering.

### **Why choose a Sertec Apprenticeship?**

Sertec Apprentices will be provided with numerous opportunities to develop throughout the programme and beyond. During the programme you will be supported by dedicated mentors as you undertake a variety of placements across the business, allowing you to learn directly from the experts. You will also gain industry recognised qualifications alongside hands-on experience within the automotive industry.

Sertec strive to create a welcoming and collaborative environment where all our employees can bring their authentic selves. We show respect and care towards one another and work together to create a safe and collaborative environment where all thoughts and opinions are welcome.

### **What are we looking for?**

Sertec are looking for the best. Whilst academic success is important, so too is your drive and determination to work within the automotive engineering industry.

#### **Desired Skills and Behaviours:**

- 5 GCSEs or equivalent at C grade or above (Grade 5-9), ( including Maths, English and Science)
- Genuine interest in engineering and technology based subjects
- Excellent problem solving skills
- The enthusiasm to learn new things
- A willingness to work as part of a team
- Ability to take and follow instruction
- A keen eye for detail.

### **How to Apply**

If you, a family member or a friend would like to apply for the 2024 Engineering Apprenticeship Programme, please apply on the website at
